Nominations Guidelines

Make your students nominations count –

All children in years Prep-9 may nominate up to four (4) books.

Explain to children how to nominate –

- Clarify that it is their free choice
- They can choose any book they like
- The book must have been published in Australia in the past 10 years
- The book mustn't have been a YABBA Winner

All nominations must be received by the specified date on the YABBA Website, so start early!

In 2020 nominations need to be received by **Friday 27 March**.

Email to: answers@yabba.org.au

We don't require individual student nominations just the tallied nominations for all students at your school.

The process is simple –

- Have each student nominate up to four of their favourite Australian books
- Count the total number of student nominations
- List to top 10 nominations in each of the categories below
- Count any nominations that didn't make into the Top 10 for each of your categories

You can find a list for the past YABBA Winners on the website.
